**Lapis by Durkan**

The Lapis collection is inspired by the primal beauty of nature. It would be easy to get lost in the graceful plant like silhouettes found within the patterns of blues and tans. The very essence of the forest seems to reach forth with a calming and ancient spirit like a cool mist rising above a serpentine stream. The embodiment of grace and wisdom, this collection reflects grace, beauty, and protective properties of nature. Lapis is on display at HD Expo using Synthesis™, Durkan's exclusive patented breakthrough in carpet technology. Synthesis layers pattern and texture to provide unprecedented 3D image quality and clarity. Never before has this combination of patterning and textural effect been achieved in hospitality flooring. The result is a unique layering effect that brings tremendous depth and richness to carpet design.

**About Durkan**

*From the hotel lobby and corridors to guest rooms and ballrooms, casinos and areas of assisted living facilities, Durkan is the world-renowned as an industry leader in innovative design solutions and high-style, high-performance hospitality flooring solutions. Durkan's products are offered in a wide range of exclusive innovative pattern and texture technologies, including Definity™, an advanced generation precision sculpturing technology that produces the highest definition of texture, pattern and color available in hospitality carpet; and Synthesis™, which provides a three dimensional layering effect using a custom base and Precision Dye Injected (PDI) surface that enables unprecedented image quality.
