Tulum by Durkan

Designed by Stacy Garcia for Durkan, Tulum features a diverse collection of worldly designs inspired by the uninhabited regions of pristine coastlines. Boasting a bohemian style and chic aesthetic, playful medallions, organic paisleys and hand-painted motifs capture the essence of ancient Aztec and Mayan cultures with a modern twist. Bright turquoise waters and white sand beaches inspire the palette, complemented by bold berry, coveted coral and a hint of dijon. With an eclectic flair and sense of wonder, Tulum evokes an air of exploration and adventure. Tulum is on display at HD Expo using Synthesis™, Durkan's exclusive patented breakthrough in carpet technology. Synthesis layers pattern and texture to provide unprecedented 3D image quality and clarity. Never before has this combination of patterning and textural effect been achieved in hospitality flooring. The result is a unique layering effect that brings tremendous depth and richness to carpet design.
