Uptrend by Durkan

Designed to be a cadenced experience, Uptrend is visual poetry for the floor. The tempo expresses the profoundly relaxed, serene quality of happiness. Tranquility is captured in the natural flow of luxurious textures, like the calmness of a babbling brook or the familiarity of a star-filled night sky. With the added benefit of third party UL certified 25% recycled content and CRI Green Label Plus certification, Uptrend features superior sustainability characteristics. It is slip resistant and contains colorfast capabilities, which results in a solution that is safe, easy to maintain and capable of preserving its beautiful style throughout its long lifecycle. The collection's backing system offers unsurpassable durability against edge ravel, delamination, zippering and tuft bind.
